## Next of Kin Registry

### Who will speak for you or your family in your hour of need?

The Next Of Kin Registry (NOKR) was established as a FREE tool for daily emergencies and national disasters. NOKR is your emergency contact system to help if you or your family member is missing, injured, or deceased. NOKR is the central depository for Emergency Contact information in the United States plus 87 other countries. (See NOKR's network of volunteers). NOKR is a non-profit humanitarian organization dedicated to bridging rapid emergency contact information. NOKR was established in January 2004, for daily emergency situations.

NOKR provides the public a free proactive service to store your emergency contacts, next of kin, and vital medical information that would be critical to emergency response agencies. Stored information is only accessible via a secure area that is only accessible by emergency public trust agencies that have registered with NOKR.

NOKR encourages every township, county, municipality, city, state, and nation to take ownership of the NOKR. This resource belongs to you, your citizens and to your emergency agencies. Take the NOKR [registration forms](#) and add your own identifying symbols.

NOKR is your trusted safe guarding organization for all personal emergency contacts worldwide. NOKR does not own the registrants information we store, this information belongs to the registrants and is made available securely to registered emergency agencies during times of urgent need. NOKR is the protector of this vital bridging resource to reconnect individuals and families after urgent events.

The injury or passing of a loved one is a difficult time for families and friends. This sad time is compounded when you're not informed when a loved one is injured or passes on. This happens when local and state agencies are unable to locate a family member of Next of Kin.

This would happen for a numerous reasons:

- A lack of information about family or contacts.
- A lack of resources available to search for family members, emergency contacts, or Next of Kin.
